The Honorable Julius Genachowski
Chairman
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Re: LightSquared Subsidiary LLC; Request for Modification of its Authority for an Ancillary Terrestrial Component, SAT-MOD-20101118-00239; Call Sign: S2358

Dear Chairman Genachowski:

The National Boating Federation (NBF), representing over 2,000,000 recreational boaters, supports the recommendation of the National Coordination Office for Space-Based Positioning, Navigation, and Timing contained in its report to the Federal Communications Commission.

The NBF, on behalf of the recreational boating community, urges the Federal Communications Commission to withhold authorization for LightSquared Subsidiary, LLC to commence commercial operations until all valid concerns of agencies, organizations, and individuals relying on the reliable performance of the Global Positioning System have been resolved.

Sincerely,

Fred W. Poppe
President
